

Opening Encrypted Email with Cisco Registered Envelope Service

User Guide

1. Receiving and Opening Encrypted Email

You will receive an unencrypted notification telling you that there is a secure email, along with instructions for viewing the message as follows:

You have received a secure message

Read your secure message by opening the attachment, securedoc.html. You will be prompted to open (view) the file or save (download) it to your computer. For best results, save the file first, then open it in a Web browser. To access from a mobile device, forward this message to mobile@res.cisco.com to receive a mobile login URL.

If you have concerns about the validity of this message, contact the sender directly.

First time users - will need to register after opening the attachment. Help - <u>https://res.cisco.com/websafe/help?topic=RegEnvelope</u> About Cisco Registered Email Service - <u>https://res.cisco.com/websafe/about</u>

securedoc.html

100K Open as a Google document View Download

1.1. Click on the "securedoc.html" attachment to open the message.

1.2. If you are a **first time** user, first click the **Open** button to register. If you are already an established user, input the correct password, click **Open** and skip steps 1.3 to 1.7 and go directly to step 1.8.
